

WATOTOMOMELLA

The **Watoto Momella Godparents Project** has been put in place to find sponsors to provide the children continuously with a high standard of education that is so important from Preschooling on. **Watoto Momella** intends to seek sponsors for all children to support their education. Many children throughout the country will leave school at the age of 7 to go and help their families with agriculture or looking after the livestock. We want to ensure the appropriate educational resources are available and the children are properly looked after in this sense.

The **Watoto Momella Godparents Project** asks for the sponsorship of a child including: school uniforms and schooling materials, school fees for the children who already attend the Ngorika Primary School, two dishes per day, drinks, sanitary and medicinal items as well as all costs for the maintenance of the project including the salaries of our teachers, the school chef, the housekeeper and the busdriver. There are also costs for the maintenance of the school house and the school bus as well as transportation costs.

Due to continuity and stability for the child, we ask for the minimum sponsorship of 1 year. If you do not feel that you will be able to keep to this, please consider making a one off donation to **Watoto Momella**.

The yearly amount of one sponsorship for one child is 1035 USD or 795 EUR in 2013.

*Marlies and Joerg Gabriel, founders of the MomellaFoundation and owners of the Hatari Lodge at the edge of Arusha National Park and the Shu'mata Camp in the Maasai Steppe, give a 50% concession on all accommodation at Hatari Lodge to the godparents of **Watoto Momella**.

If you want to join us and like to become a supporter of one of our children please get in contact:
